

Platinum DSD DAC

ANTELOPE AUDIO DEBUTS DSD DAC/HEADPHONE AMPLIFIER

Featuring what it describes as a 'unique 256x upsampling mode' the new Platinum DSD DAC and headphone amplifier from Antelope Audio elevates DSD64 and DSD128 media files to DSD256 (11.2MHz). In addition to this custom USB input, the DAC also includes S/PDIF and AES/EBU inputs. The Platinum DSD DAC is priced at £4250 complete with second-generation Voltikus power supply and an elegant aluminium remote control.
